

HAYMAN REESE TOW BARS

Metal Shield represents the superior E-Coat and Powder Coat finish each Hayman Reese towbar receives. Protected from corrosion, it's the reason we are proud to offer a limited lifetime warranty on every single Hayman Reese towbar.*

Hayman Reese offers the greatest range and varieties of towing solutions for the ever growing Australian market. You can be assured that each Hayman Reese towing product has been designed, engineered, tested and built to provide a lifetime of enjoyable towing.

TOWING CAPACITY

What is it & how does it affect your towing?

A vehicle's towing capacity is determined by the vehicle manufacturer. They will specify the vehicle's total towing and ball weight capacity. The ball weight is the weight applied directly down onto the towball and the total towing capacity refers to the aggregate mass of the trailer that the vehicle can tow. These details are outlined in a vehicle owner's manual, however they are subject to change.

All Hayman Reese towbars are designed taking into account the maximum towing and ball weights as specified by the vehicle manufacturer.

Hayman Reese towbars come in a range of classes to suit most vehicles. When choosing your towbar be sure to check the maximum towbar capacity for ball load and caravan or trailer weight. While each class of Hayman Reese towbar is built for maximum towing capability, not all towbars on the market have the same ball load and caravan or trailer weight capacity.

X - BAR

Heavy Duty Off-Road Towbar

A rugged, go-anywhere towbar engineered for off-road. The X-Bar provides an increased departure angle and 3 rated recovery points to get you out of any situation.

CLASS 2

Standard Towbar

The Hayman Reese Class 2 Standard Towbar is the ideal solution for lighter duty towing applications.

CLASS 3

RL Hitch Receiver Towbar

The Class 3 Hayman Reese Light (RL) Towbar can be characterised by its 40mm by 40mm hitch receiver designed for medium duty towing applications.

CLASS 4

Heavy Duty Hitch Receiver Towbar

Hayman Reese's famous Class 4 Towbar has a 50mm by 50mm hitch receiver and is the heavy duty towing option.
