

**ALWAYS AHEAD...**

Introducing Teknorot, now available at CoolDrive Auto Parts.

Teknorot's comprehensive range of aftermarket steering and suspension parts is designed to meet the highest standards, prioritising the safety and satisfaction of vehicle owners.

Teknorot is a well-known European manufacturer of OEM-approved aftermarket steering and suspension components. Their products are internationally recognised for meeting the standards of both OES and OEM manufacturers.

With a large product range supporting 95% of the models on the Australian market, Teknorot ensures a wide selection for customers. Plus, their parts are OEM approved and come with a 2-year, 40,000km warranty, providing added peace of mind.

Teknorot parts are designed to be rugged, reliable, and perfectly aligned with the demands of on-road and off-road enthusiasts and professionals.

The Teknorot steering and suspension range is available on iShop and OSCAR.
