

Part No's. ORJW750 (Bulk pack) & ORJW750D (Display Carton). The All New Extreme Offroad Jockey Wheel

Our new Extreme Offroad Series (XO) Jockey Wheel is probably the toughest, most advanced Jockey Wheel in Australia today. But not only is it tough, it's also versatile – with multiple height options, a highly maneuverable trailing yoke design and 5 different yoke locking positions. To find out more visit: www.cooldrive.com.au

Magnetic, removable, side-winding handle

- Easier raising & lowering of trailers/caravans - away from stone guards, toolboxes or jerry can holders
- Magnetic, removable handle ensures safe stowage and prevents damage in offroad situations

Heavy duty body with 750kg rating

- Increases load carrying capacity and eliminates the likelihood of "bend" under weight

4 x adjustable height positions

- 250mm height adjustability at each of the 4 positions, whilst maintaining a central swivel point for extra strength

Heavy duty swivel clamp

- 4 bolt pivot point ensures no more bowing under weight
- Suitable for 100mm, 130mm and 150mm drawbars
- Comes with mounting hardware - no more welding onto drawbars

Unique trailing yoke design

- Wheel pivots easily, even under heavy load or on soft ground

Dual wheel with sealed bearings & offroad tread

- Increases offroad grip and spreads the load

Variable yoke lock

- Allows you to lock the yoke in 1 of 5 positions when the jockey wheel is stowed, to allow for clearance of stone guards, toolboxes, jerry can holders etc...

750kg static
load rating

500kg dynamic
load rating
