JUMP STARTER SPECS

AP12000J

500AMP Portable Jump Starter Kit Specifications:

- Compact portable and high powered
- 500A peak current for vehicles up to 6.2L (Diesel vehicles up to 5L)
- Fully insulated battery clamps
- 2 USB charging sockets
- 19.1V output with (8 in 1) laptop adapter
- Holds charge for up to 1 year
- Tough water-resistant storage case included
- Internal Battery Type: Lithium Cobalt Oxide (LiCoO₂)
- Battery Capacity: 44.4Wh
- Jump Starter Voltage: 12V
- Peak Current Output: 500A
- Battery Clamps: Included (Fully Insulated)
- Operating Temperature: -20C to 60C
- Charge Input: 12V - 14V DC
- Chargers Included: 12V DC & 240V AC

- Approximate Charge Time: 4 - 5 Hours
- Approximate Charge Holding Time: Up To 1 Year
- Charge Status Indicator: Yes (5-stage 3-colour)
- USB Output: Dual 5V 2.4A (Shared)
- Other Power Output: 19.1V DC with (8 in 1) laptop adapters
- Safety: Reverse polarity, short circuit, surge protection
- LED Light: Yes - Torch, Strobe, SOS
- Dimensions: 161.4L x 91W x 37H (mm)
- Weight: 556g

Package Contents:

- 1x Compact Jump Starter
- 1x Insulated Battery Clamp Set
- 1x 240V AC Charger
- 1x 12V DC Charger
- 1x DC to DC Charge Cable
- 8x DC Adapters
- 1x 4-in-1 USB Charge Cable
- 1x User Manual
- 1x Safety Info Sheet
- 1x Water-resistant Carry Case

AP90006L

400AMP Portable Jump Starter Kit Specifications:

- Compact portable and high powered
- 400A peak current for vehicles up to 6.0L (Diesel vehicles up to 4.5L)
- Fully insulated battery clamps
- USB charging socket
- Holds charge for up to 1 year
- Internal Battery Type: Lithium Cobalt Oxide (LiCoO₂)
- Battery Capacity: 33.3Wh
- Jump Starter Voltage: 12V
- Peak Current Output: 400A
- Battery Clamps: Included (Fully Insulated)
- Operating Temperature: -20C to 60C
- Charge Input: 12V - 14V DC
- Chargers Included: 12V DC & 240V AC

- Approximate Charge Time: 4 - 5 Hours
- Approximate Charge Holding Time: Up To 1 Year
- Charge Status Indicator: Yes (5-stage)
- USB Output: 5V 2.4A
- Other Power Output: NIL
- Safety: Reverse polarity, short circuit, surge protection
- LED Light: Yes - Torch, Strobe, SOS
- Dimensions: 130L x 78W x 24H (mm)
- Weight: 453g

Package Contents:

- 1x Compact Jump Starter
- 1x Insulated Battery Clamp Set
- 1x 240V AC Charger
- 1x 12V DC Charger
- 1x User Manual
- 1x Safety Info Sheet
- 1x Silicone Bumper Case

AP60003L

320AMP Portable Jump Starter Kit Specifications:

- Compact portable and high powered
- 320A peak current for vehicles up to 3.1L
- Fully insulated battery clamps
- USB charging socket
- Holds charge for up to 1 year
- Internal Battery Type: Lithium Cobalt Oxide (LiCoO₂)
- Battery Capacity: 19.9Wh
- Jump Starter Voltage: 12V
- Peak Current Output: 320A
- Battery Clamps: Included (Fully Insulated)
- Operating Temperature: -20C to 60C
- Charge Input: 12V - 14V DC
- Chargers Included: 12V DC & 240V AC
- Approximate Charge Time: 4 - 5 Hours

- Approximate Charge Holding Time: Up To 1 Year
- Charge Status Indicator: Yes (5-stage)
- USB Output: 5V 2.4A
- Other Power Output: NIL
- Safety: Reverse polarity, short circuit, surge protection
- LED Light: Yes - Torch, Strobe, SOS
- Dimensions: 138L x 78W x 17H (mm)
- Weight: 238g

Package Contents:

- 1x Compact Jump Starter
- 1x Insulated Battery Clamp Set
- 1x 240V AC Charger
- 1x 12V DC Charger
- 1x User Manual
- 1x Safety Info Sheet
- 1x Silicone Bumper Case
