NEW- PETRONAS Hydraulic Oils ISO AWH 46 & ISO VG 68 for Construction & Agricultural Equipment

PETRONAS Arbor

Part No. 77569P41MY 18L

Performance Level:
• DIN 51524 HVLP
• NH 646 H
• SDFG OI-1446HV

PETRONAS Arbor Hydraulic AWH 46 ISO VG is a high quality high viscosity index fluid, specifically for high pressure hydraulic systems of farm machines, combine harvesters and earthmoving machinery. Hydraulic 46 AWH provides high protection of the components of the hydraulic system against wear and corrosion. Its demulsify and antifoam properties deliver lubricating continuity preventing cavitation and removing heat. Its viscos metric profile remains constant within a broad range of temperatures ensuring prompt response of the hydraulic system and high output rate of the pumps, at both low and high temperatures, with consequent fuel saving.

PETRONAS Arbor Hydraulic 68 ISO VG for Tireless Machinery, The Best Fluid Technology for daily work for agricultural and construction equipment hard workers. Hydraulic 68 ensures that machinery is always working constantly and efficiently. Machinery needs the best fluid technology to last longer while working, especially when operating under severe conditions.

Arbor Hydraulic 68 is a high quality hydraulic fluid specifically for agricultural and construction machinery when it's not required a high viscosity index lubricant. PETRONAS Arbor Hydraulic 68 provides high protection for the components of the hydraulic system against wear and corrosion.

Part No. 77570P41MY 18L

Performance Level:
• DIN 51524 HLP
• Denison HF-0/HF-1/HF-2
• NH 668 • MS-1216
• SDFG OI-1468

Note: Always consult your owner's manual to check recommended viscosity grade and specifications for your specific vehicle
