

### Ignite Clear Protective Covers

Cooldrive are pleased to announce the introduction of the Ignite Clear Protective Covers that are suitable for use with the popular and recently introduced Ignite LED Driving Lamps.

There are two sizes;

**1. Part Number: ICV6095**

Is the 5.5" Clear Protective Cover to suit both the IDL6095RD (Combo – Flood and Spot Beam) and the IDL6095RS (Spot Beam) 5.5" Ignite LED Driving Lamps.

**2. Part Number: ICV6125**

Is the 7" Clear Protective Cover to suit both the IDL6125RD (Combo – Flood and Spot Beam) and the IDL6125RS (Spot Beam) 7" Ignite LED Driving Lamps.

Made from a hard Polycarbonate Plastic, they provide secure protection for the driving Lamps, stopping stones or any other debris from hitting the lens of the lamps. The clear design of the Ignite Protective covers means that they can also remain fitted whilst the driving lights are in use without hindering the lights performance. They are the ultimate way to protect the Ignite LED Driving lamps without hiding their looks. Both units are sold singly.
