CCS-561W

5.6" Secure Digital Wireless Camera System

The Smart Park Commercial Camera System has a reputation for reliability and performance. We have now added the convenience of wireless technology.

The CCS561W system uses digital signal processing, 80 sub-channel COFM frequency hopping and secure transceiver/receiver pairing. The CCS561W is the wireless solution that we've all been waiting for—Reliable, Secure and Clear.

Coupled with the latest Sony CCD imager and a high resolution, digital 5.6" screen - the CCS561W represents the next generation of commercial reversing camera solutions. You can even pair the screen to the camera without leaving the truck cabin.

All Smart Park products are made from the highest quality components to exacting ISO/ TS16949 and ISO9001 standards.

Features

- **Wireless Range over 200m**
- **Zero static guarantee.**
- **100% Waterproof Camera (IP68 Tested)**
- **Camera with inbuilt Microphone**
- **Digital High resolution LCD monitor.**
- **Three Year Warranty**
- **Sony SuperHAD CCD image sensor.**
- **IR night vision Capable**
- **Vandal resistant and waterproof housing**
- **Adjustable sunshield included**
- **Various Installation Accessories Available**

Specifications

Image device:	1/3" Sony SuperHAD CCD imager
Scanning system:	NTSC / PAL
Number of Pixels:	NTSC: 510(h) x 492(v), PAL: 500(h) x 582(v)
Angel of view:	135°
Wireless Information	2.4ghz, 80 channel, digital, range: 200m+
Usable illumination:	0 lux (LED on)
IR switch control:	Photosensing automatic control
S/N ration:	>48db (AGC off)
Vibration:	5.0G
Operating Temperature:	-10 to 80° C
Operating voltage:	9v DC – 28vDC
Digital LCD Resolution	307, 200pixels
LCD Brightness	350cm/m2 - Contrast Ratio: 500
