

TAILGATE ASSIST KITS

THE UTE HAS BECOME A POPULAR CHOICE OF VEHICLE TO BUY FOR MANY REASONS, HOWEVER THE TAILGATE ON THESE VEHICLES CAN BE DIFFICULT TO MANAGE DUE TO IT'S WEIGHT & HEIGHT. HULK 4X4 HAVE A SOLUTION TO HELP ASSIST WITH THIS ISSUE.

BIG. STRONG. TUFF.

The kits are simple and easy to fit, comes complete with 2 struts and all the required mounting hardware. One side will assist with the slow soft down direction of the tailgate while the other side will assist with the lifting in the up direction. The fitted kit makes the tailgate safer around children, with the ability to open and shut with one hand. These are vehicle specific kits.
