by 

Part #	Rows	Dimensions
UOL001	10	285x76x50
UOL002	15	355x114x50
UOL003	19	285x146x50
UOL004	25	285x190x50
UOL005	35	285x280x50

Koyorad universal coolers are highly advanced, drawn cup style heat exchangers which are efficient, lightweight, and robust in build quality. Each were developed to effectively cool various automotive grade fluids such as: transmission, power steering, engine oil and differential fluids. All Koyorad oil coolers are tested to 10 bar for that added security of quality and performance. All Koyorad universal coolers feature versatile - 10 AN ORB (O-ring Boss / O-ring Port) provisions at their inlets and outlets.

Choose Koyorad universal coolers in combination with the below listed fittings to cover all your oil cooling needs.

A range of #10 ORB Fittings are available

P/No: UOILF002 (#10 ORB - #6 AN)

P/No: UOILF004 (#10 ORB - #8 AN)

P/No: UOILF001 (#10 ORB - #10 AN)

P/No: UOILF003 (#10 ORB - 3/8" Barb)

P/No: UOILF005 (#10 ORB - 1/2" BSP)
