

THE POWER OF
REDARC®

**LIGHT DUTY
DC BATTERY
CHARGER**

Introducing from REDARC, the new, more versatile 12V, 12A input current limited in-vehicle battery charger.

The BCDC1212T comes pre-wired with a customized wiring harness, designed to assist for smaller trailer mounted auxiliary battery box installations.

It is the ideal battery charger for trailers - such as dump trailers, boat trailers, car trailers, liftgate trucks and camper vans - with electrical equipment such as hydraulic pumps, winches and fridges.

This BCDC1212T is moisture, dust, and mud resistant, designed and built by REDARC to be the highest quality and most reliable battery charger of this kind. It is compatible with both standard and variable voltage/smart alternators and can be used in both 12V & 24V vehicle systems.
