Home/workshop 240V AC battery maintenance chargers by DEFA

THE POWER OF

REDARC®

- An easy to use, one button solution
- User-friendly interface with backlight for legibility
- Battery meter makes it easy to see the status of your battery
- Integrated cable management system

PART NUMBER: SBC1204

REDARC have teamed up with Norwegian manufacturer DEFA as we share similar values, both focussing on continuous improvement, innovation and most importantly providing customers with great products of the highest quality.

SmartCharge is designed with simplicity and efficiency in mind, all you need to do is plug it into 240V mains power, clip the alligator clips on to your battery terminals and press the power button on the unit.

The SmartCharge is available in 4, 6, 8 and 10 Amp variants and is designed for use with most automotive battery types, including AGM, Lead Crystal and LiFePO₄ chemistries.

PART NUMBER	DESCRIPTION
SBC1204	SmartCharge 12V 4A 230V
SBC1206	SmartCharge 12V 6A 230V
SBC1208	SmartCharge 12V 8A 230V
SBC1210	SmartCharge 12V 10A 230V
