**SMSP1200**

200W Monocrystalline  
Solar Panel

The 200W Fixed Solar Panel employs a 1110 x 992mm form factor which makes it an attractive size for 4x4 vehicle applications above the drivers cabin, as well as typical caravan, motor home and some camper trailer installations.

Featuring an anodised aluminium frame and tempered glass coating the new 200W Fixed Solar Panel is well suited for outdoor use and employs MC4 connectors for easy installation, features Monocrystalline cells with a cell conversion efficiency of 20.6%, and is compatible with existing REDARC ABS mounting solutions.
