THE POWER OF

REDARC[®]

TOW-PRO WIRING HARNESS KITS

Both the TPWKIT-010 and TPWKIT-011 come with the complete range of required hardware to install a Tow-Pro Brake controller. They contain the electric brake harness, circuit breaker, bracket and fasteners. All connections are protected with a heat shrink and butt splice to ensure the best connection possible, wiring diagrams and instructions are also included.

TPWKIT-010

Suits Volkswagen Amarok

The Redarc Volkswagen Amarok Tow-Pro Wiring Kit supports the Tow-Pro electric brake controller providing 'Plug and Play' connectivity. This Tow Pro Wiring Kit supports the installation of both the Tow-Pro Elite and Tow-Pro Classic electric brake controllers and is directly compatible with the Volkswagen Amarok. The vehicle-specific aftermarket wiring kits ensure quicker installation and more convenience.

TPWKIT-011

Universal Kit

The Redarc Universal Tow-Pro Wiring Kit supports the Tow-Pro electric brake controller providing 'Plug and Play' connectivity. The Universal Tow-Pro Wiring Kit also supports the installation of both the Tow-Pro Elite and Tow-Pro Classic Electric Brake controllers and provides all the parts and wiring flexibility to fit most installations for vehicles that are not yet custom-supplied with a specific kit.
