

THE POWER OF

REDARC

BCDC POWER KITS

NEW PRODUCT RELEASE

Introducing the new REDARC BCDC Power Kits – the smart, simple solution for dual battery systems, now bundled for convenience.

Each kit includes a BCDC charger, Smart Battery Monitor, and the necessary fuse kit packaged in a single carton.

Designed to take the guesswork out of dual battery systems, these kits offer reliable DC and solar charging and advanced Bluetooth battery monitoring, ensuring reliable power for every journey.

With three variations tailored for cabin, canopy, and trailer set ups, the REDARC BCDC Power Kits make it simple for customers to power their adventures with confidence.
