

THE POWER OF
REDARC

BCDC POWER KITS

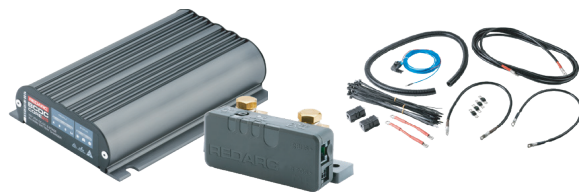

NEW PRODUCT RELEASE

Power your adventures with ease with REDARC's new Canopy Power Kits – Everything you need for a complete dual battery system – just add the battery.

These kits offer reliable DC and solar charging, along with advanced Bluetooth battery monitoring you can access from your phone – ensuring peace of mind and dependable power on every journey. Perfect for canopy setups where reliable off-grid power is essential for running a fridge, camp lights, or other accessories.

Canopy Power Kits include:

- DC to DC battery charger
- Smart Battery Monitor to keep track of vital battery information
- Fuse Kit for system protection
- Wiring kit for ease of installation
