

30L FRIDGE FREEZER DRAWER

PART# E-ICE-D35

The **HULK 4X4 30L Fridge Freezer Drawer** is a compact, durable, and innovative refrigeration solution designed for off-road, touring, and camping applications. With its smart drawer design, Bluetooth connectivity, and efficient cooling performance, it provides the perfect combination of convenience and reliability for all outdoor adventures.

Key Features

- **12-24V Anderson Plug Connection** – Easy and secure vehicle power integration.
- **Internal Volume: 30.2L** – Compact yet spacious, holds up to 42 x 375ml cans.
- **Removable Liner / Basket** – Simple to clean and organise.
- **Interior LED Light** – Convenient access in low-light conditions.
- **Digital Temperature Control** – Accurate and user-friendly.
- **Bluetooth App Monitoring & Control** – Adjust and monitor temperature remotely from your device.
- **Mounting Bracket Included** – Hassle-free installation.
- **Compact Dimensions** (without bracket):
- 785mm (L) x 606.1mm (W, 586mm body) x 270.9mm (H, 250mm body)

Performance Benefits

- **PU Insulation Layer** – Provides excellent cooling efficiency and insulation performance, even in extreme conditions.
- **Food-Grade Inner Liner** – Safe storage for food and beverages.
- **Built-In Drawer Compartment** – Maximises storage organisation and accessibility.

Smart Connectivity

- **Bluetooth App Control** – Install the dedicated app on a compatible device to monitor and adjust temperature settings from a distance, giving users full control over cooling needs while on the go.

Applications

Perfect for:

- 4WD touring
- Camping & caravanning
- Worksite storage
- Fishing & boating trips
