

THE POWER OF  
**REDARC**

## KNOW YOUR POWER INSTANTLY

The REDVision Essentials Display provides clear, instant battery visibility on a bright, uncluttered screen - like a fuel gauge for your battery. Powered by the REDARC Smart Battery Monitor, it delivers precise, reliable readings and connects easily to new and existing setups.

### BATTERY STATUS AT A GLANCE .

See your battery status instantly. Compact, easy to read layout with no unnecessary data or distractions. No phone needed. No watts, volts, or amps to interpret, just a simple view of how much power you have left and where your charge is coming from.

### SIMPLE INSTALL, EASY SETUP.

Easy to install with just a 51mm hole saw and two screws (supplied). REDARC's R Bus connection makes setup simple, whether starting from scratch or adding a display to an existing system. Enable Bluetooth pairing and adjust brightness directly from the display.

### AUSTRALIAN MADE .

Our rigorous testing ensures the RedVision Essentials Display won't let you down when the road gets rough. It's made in Australia, so you know it'll go the distance.

### START BATTERY RECOVERY READY.

Never get stranded with Start Battery Recovery on compatible systems. Activate at the push of a button, no phone required.
